**WARRANTY AND SERVICE:** Elna's superior reputation was established in 1940 with the production of its first sewing machine. Ever since, Elna has continued to be the leading brand of home sewing and related equipment designed especially with the innovative sewer in mind. Thousands of professionals worldwide provide expert service. Millions of people have chosen Elna for its quality, performance and reliability.

### LCD DISPLAY

The easy to read LCD screen shows the Stitch pattern number, Type of Presser Foot, Stitch Width and Stitch Length.

### PATTERN TOUCH PANEL

You can select stitch patterns directly by pressing the pattern keys on the touch panel.

### NEEDLE PLATE WITH SPECIALTY MARKINGS

The seam guides on this needle plate help you measure seam allowance. The numbers indicate the distance between centre needle position and the edge of the fabric. Easily seam patchwork pieces using the unique angle scales. 1/4", 3/8" and 5/8" guides are located at front of bobbin cover.
